Chris Dugay

Volunteer Koffi in Togo applies ointment to a Guinea worm patient.

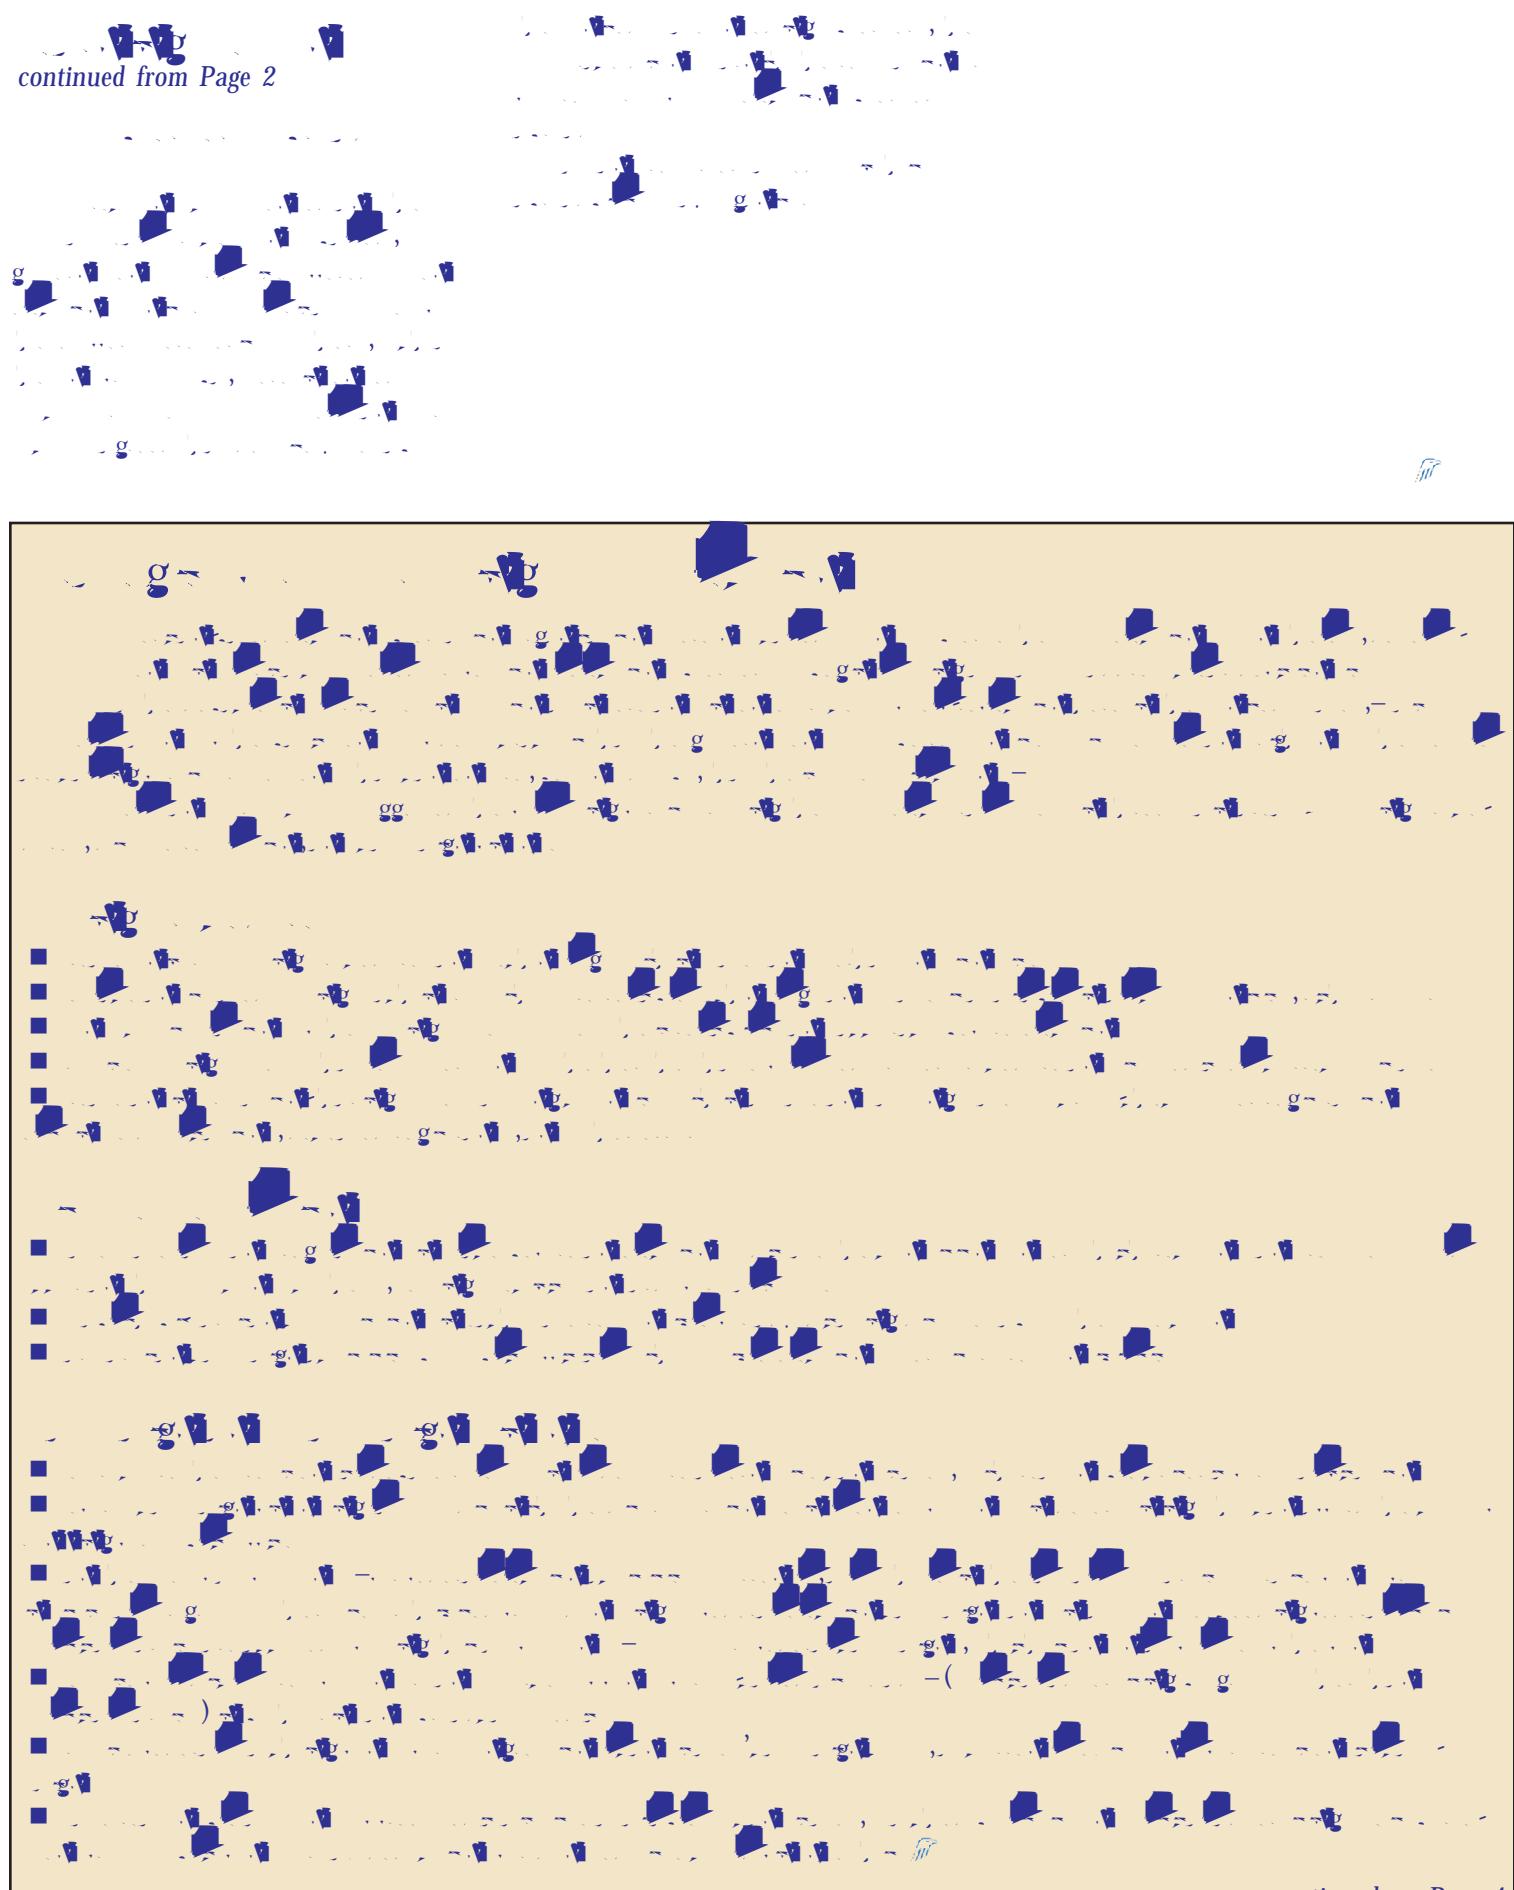

continued on Page 2

The image consists of a vertical column of 12 grayscale frames, each showing a 3D point cloud. The frames represent the progression of a registration algorithm. The first frame shows a sparse initial alignment. Subsequent frames show the iterative refinement of the registration, with more points being added and aligned over time. The registration label 'g' is present in the bottom-left corner of each frame.
